F. A. Foods Company Profile

The F.A. Group comprises F.A. Foods Company Limited, F.A. (1991) Company Limited, F.A. International Company Limited, F.A. Flavor Company Limited, and F.A. Unity Company Limited.

The F.A. Group originated from the establishment of F.A. Foods Co., Ltd., which was founded in 1984. The F.A. Foods Co. conducts trading business. It is a sales agent of locally produced raw materials and chemicals for food industries. The raw materials and chemicals included salt, hydrogen peroxide, citric acid, phosphate delivertive.

Eventually in 1991, the F.A. (1991) Co. was registered to import raw materials and other chemicals from overseas manufacturers. It imports wheat starch, wheat gluten, sodium benzoate, sodium, egg powder and manufac own formula for noodle, Thai sausage.

As we have been trusted by our customers and partners, our business has been rapidly expanded. We set up the F.A. International Co. in 1995 to do both import and export raw materials milk, whey, lactose, dextrose for food industries. We subsequently registered the F.A. Flavor Co. in 1996 to supply flavor and color for food, drinks, bakery and snacks.

The F.A. International Co. does not only import raw materials from oversea manufacturers but also export tapioca starch produced in Thailand to worldwide market. We are an agent of the newly established tapioca starch milling which fully furnishes with stainless steel machinery, in Thailand. Therefore, we have capability to supply good and constant quality product as well as tailored specification products to meet our customer requirements.

The F.A. Group currently employs total of 200 staffs--8 executives, 30 salespersons, 50 administration officers, 120 distribution and depot officers. We have 25 trucks. Our 7 depots have total storage space more than 5,000 square meters. Our turnover of the whole group per annual is more than US\$ 30 million. By conducting under standard services to reach every customers satisfaction.
